nielsen®

Willkommen | Welcome

Der Bilderrahmen Fachhandel und Nielsen – zusammen ein unschlagbares Team. Das mehr als 30 jährige partnerschaftliche Miteinander bleibt auch in Zukunft für uns ein hohes Gut.

In diesem Jahr präsentieren wir Ihnen eine zukunftsweisende Innovation. Alpha/Magnet setzt einen neuen Standard im Wechselrahmenbau. Design und Funktion in Vollendung.

Mit unserem neuen Gesamtkatalog mit über 6000 Artikeln rund um das Thema Bild-Einrahmung, Bildaufhängung und Bildpräsentation erhalten Sie ein Werkzeug, das Sie in Ihrer täglichen Kundenberatung und Produktauswahl hilfreich unterstützen wird.

Nielsen – Der Partner des Fachhandels.

The picture frame specialist shop and Nielsen – an unbeatable team. This cooperation has lasted for over 30 years and will also be of vital importance in the future.

This year we present to you an innovation that will shape your future. Alpha/Magnet sets new standards in the construction of ready made frames. You see design and functionality in [harmonious] perfection.

With our new comprehensive catalogue, comprising more than 6,000 articles dealing with picture framing, mounting and presentation you will get a tool that supports you both in your daily customer service and when choosing from our range of products.

Nielsen – the partner for the specialist shop.

Qualität | Quality

Beste Materialien und technische Kompetenz definieren unseren Anspruch an Qualität „made in Germany“. Zertifizierte Verarbeitungsstandards nach DIN EN ISO 9001 gewährleisten eine herausragende Produktqualität. Material, Design und Technik sind allein noch kein Qualitätsgarant. Es sind die Menschen bei Nielsen, die den hohen Qualitätsstandard und einen in der Branche maßstabsetzenden Service sichern.

Superior material and technical competence define our quality standard MADE IN GERMANY. Nielsen operates under DIN EN ISO 9001. Thus, an extraordinary product quality can be guaranteed. Material, design and technique alone are not a guarantee for quality. The people working at Nielsen make all the difference so that the unique quality standard and the unparalleled service in the industry will also prevail in the future.

Produktion | Production

Moderne Produktionsmethoden, von der Bearbeitung des Rohmaterials bis zum fertigen Produkt, sind ein Garant für unseren hohen Qualitätsstandard. Umweltschutz sowie ein verantwortungsvoller und umweltschonender Ressourcenverbrauch, insbesondere bei der energieintensiven Herstellung von Aluminiumteilen, nehmen einen hohen Stellenwert ein.

Modern production methods – from processing the raw material to the final-product – ensure our high quality standard. Both environment protection and a responsible and environmentally friendly consumption of resources – particularly in the energy-intensive production of aluminium mouldings – are top priorities at Nielsen.

FrameBox

Professionell präsentieren | Professional presenting

Im Gegensatz zu handelsüblichen Bilderrahmen, die bisher für Präsentationen von Clubtrikots und anderen Sammlerstücken benutzt wurden, können Sie Ihren Kunden mit der FrameBox eine Lösung anbieten, die in puncto Optik und Dekoration ganz neue Möglichkeiten eröffnet. Durch eine Tiefe von 5 cm hängen die Textilien nicht „eingezwängt“ sondern locker und schonend an dem schlichten, eleganten Kleiderbügel aus Aluminium.

Unlike conventional picture frames that have previously been used to present club shirts and other collectables, the FrameBox allows you to offer your customers a solution which in terms of appearance and decoration opens up whole new possibilities. With a depth of 5 cm, the shirts are not simply “wedged in place” but instead hang loosely and gently on the simple, elegant clothes hanger made from aluminium.

Einfache Handhabung

Das leichte Öffnen und Schließen der Box mittels Klick-Verschluss, lässt ein schnelles Wechseln der Objekte zu - so oft Sie wollen. Eine Tiefe von 5 cm lässt genug Raum für Textilien und weitere Deko-Gegenstände.

Easy to use

The fact that the box is easy to open and to close with a click lock, means that you can quickly switch the objects - as often as you want to. A depth of 5 cm provides enough space for textiles and other decorative items.

Professionelles Aufhängesystem

Ein umfangreiches Zubehör mit Bohrschablone und detaillierter Anleitung gewährleistet ein sicheres und unkompliziertes Aufhängen der FrameBox. **Inklusive matt gebürstetem Aluminium-Kleiderbügel!**

Professional hanging system

A great range of accessories with a drilling jig and detailed instructions ensures that the FrameBox can be hung up safely and without any difficulty. **Includes a modern, brushed aluminium clothes hanger.**

Brandschutzrahmen B1 Fire Retardant Frame B1

Zertifizierung nach DIN 4102-1

Die Brandschutzrahmen wurden vom Materialprüfungsamt Nordrhein-Westfalen erfolgreich auf Schwerentflammbarkeit geprüft und mit der Zertifizierung nach DIN 4102-1 versehen. Das MPA betreibt seit vielen Jahren ein Brandprüfzentrum und hat als Prüf-, Überwachungs- und Zertifizierungsstelle einen ausgezeichneten Ruf.

Certification according to DIN 4102-1

The fire retardant frame was successfully tested by the material testing institute North Rhine-Westphalia for verification of flame resistance and provided with the certification according to DIN 4102-1. The MPA has operated for many years and has an excellent reputation as a fire inspection, monitoring and certification centre.

Wood Mouldings

SalvadoriCornici ist ein italienischer Holzleistendesigner und produziert Bilderrahmenleisten seit über 45 Jahren. Gemeinsam mit Nielsen Bainbridge, unserem Partner in Deutschland, möchten wir mit Ihnen unsere Leidenschaft und Philosophie über unser Verständnis einer "Design-Biderrahmenleiste", teilen. Von meinem Standpunkt aus, ist eine "Design-Biderrahmenleiste" eine Leiste, dessen Form und Oberfläche zu den aktuellen Trends der Inneneinrichtung passt. Sie muss eine besondere Note haben, welche eine Brücke zwischen der gerahmten Kunst sowie der heutigen Innenarchitektur- und Möbeltrends bildet, um eine perfekte Harmonie im Raum zu erzielen. Im Folgenden teilen wir mit Ihnen unseren Blick für die aktuellen Trends und die schönen Holzleisten, welche wir hinsichtlich dieser Trends designed haben.

SalvadoriCornici is an Italian wood moulding designer producing picture frame mouldings for the past 45 years. Together with our partner in Germany, Nielsen Bainbridge, we would like to share our passion and philosophy with you for what we consider a "design moulding". From my point of view, we can call a "design-moulding" a moulding, whose shape and finish matches the interior design trends of the moment. It must have a particular touch, which builds a bridge between the framed art and the latest furniture and fabric trends of the moment. Here we share with you our view of the current key trends and the beautiful wood mouldings, we have designed to complement them.

Lab.Art Salvadori

Die Liebe zum Detail und die Leidenschaft der Handwerker, sowie der Duft von Holz, Farbe und Wachs. So werden die Lab.Art-Bilderrahmenleisten veredelt und erwachen zum Leben, während sie durch ihre Einzigartigkeit und ihre Handwerkskunst glänzen. Die Fertigung geschieht in bis zu 31 verschiedenen Arbeitsschritten.

The attention to detail and the passion of the craftsmen, as well as the scent of wood, paint and wax. This is how the Lab. Art picture frame mouldings are refined and come to life. Due to their uniqueness and their craftsmanship they shine with excellence. The production includes up to 31 working steps.

Modern

Die modernen Bilderrahmenleisten passen hervorragend zu gelungenen Zeichnungen, Fotografien, Gemälden, aber auch Postern. Die geradlinigen Profile verleihen den Leisten zudem einen zeitlosen Charme.

The modern picture frame mouldings matches perfectly to successful finished sketches, photographs, paintings, as well as posters. The straightlined profiles gives the mouldings a timeless charm.

Ornament

Die Bilderrahmenleisten bestechen durch ihre üppigen Ornamentverzierungen. Die antiken und barocken Holzleisten vermitteln einen klassischen Stil und eine altüberlieferten Tradition, die zum Teil in Handarbeit verziert wurden.

The picture frame mouldings stand out uniquely, due to their lush ornaments. The antique and baroque wooden mouldings convey a classic style and an ancestral tradition, which are partly hand decorated.

Passepartouts

Matboards

Alphamat Artcare Passepartouts von Nielsen schützen das Bild aktiv. Das Passepartout ist ein wichtiger Baustein bei der Erstellung einer Rahmung und unterstreicht die Wirkung des Bildes. Eindrucksvolle Bildinszenierungen werden durch den Einsatz von Mehrfach-Passepartouts erreicht.

Alphamat Artcare matboards from Nielsen protect the pictures actively. Matboard is a key element in framing. On a practical level it positions and protects, on an artistic level it leads the eye to the picture in the frame. By trying different kinds of mounts - colour combinations, size and positioning you can see the image in many different ways.

Artcare

Aufbewahren für die Zukunft | Conserving for the future

Artcare Passepartouts sind die einzigen alterungsbeständigen Passepartouts, die nachweislich Fotos und Kunstwerke vor Schadstoffen in der Umgebungsluft schützen.

Herkömmliche Passepartouts

Luftverschmutzungen und Säuren aus herkömmlichen Kartons und Holz verursachen Ausbleichen und Alterung.

Alterungsbeständig

Artcare Passepartouts erfüllen die strengsten Standards für Haltbarkeit und Alterungsbeständigkeit.

Lichtecht

Hergestellt mit echten Pigmenten, anstatt mit einfachen Farbstoffen. So bleibt die Farbgestaltung über Jahre erhalten.

Schadstoff absorbierend

Die einzigartige Papiertechnologie "Micro-Chamber" filtert Schadstoffe heraus. Ihr Bild ist vor aggressiven Umwelteinflüssen und Säuren geschützt.

Feuchtigkeitsresistent

Im Gegensatz zu einfachen Farbstoffen nehmen die echten Pigmente von Artcare keine Feuchtigkeit auf. Dies garantiert Farbtreue und Schutz.

Artcare mount boards are the only age resistant mount boards proven to protect photos and artwork from airborne pollutants.

Traditional boards

Air pollution and acids from traditional boards and wood cause bleaching out and ageing.

Age resistant

Artcare mount boards fulfill the strictest standards for durability and age resistance.

Lightfast

Produced with pigment, not dyes, ensuring the colours of your framing for years.

Filter Pollutants

The unique paper technology 'Micro-Chamber' filters out harmful pollutants. Your picture is protected from airborne environmental pollutants and acids.

Resistant to humidity

In contrast to simple dyes, the pigments of Artcare are not affected by humidity. Making it your guarantee of enduring colour fidelity.
